**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC representative,

For 20years I have used a competitive provider of internet services. Sonic.net has provided excellent services to our family , first with DSL service and then with fusion fiber service. Not allowing competition to exist in our market puts us and many of our neighbors at risk of losing the great service we have become accustomed to.

AT&T actions will lead to higher prices and a local monopoly. This is only the first step in a monopolys steps to squelch its competitors. Keep this ever narrowing market open.
